Northern Kentucky Technical Rescue Team

Training Delivery Opportunities

When in doubt, call us out.

Non-emergency: 859-727-7942
Emergency: 859-371-1234

*Want training?
We'll come to you.*

The Northern Kentucky Technical Rescue team would like to request the opportunity to come to your department and let you know what we have to offer. As you can see in the attached brochure, our agency

offers unique rescue capabilities above and beyond standard fire department training and practices.

These services are available to you upon

request for any incident. But, we hope to see you before we get an emergency call.

In an attempt to foster good working relationships between

our agencies, we are offering a 2-3 hour training sessions to be con-

ducted in your station. The training will let you know what to expect from us should you call us. But, more importantly, the class will help prepare your agency for your responsibilities at these types of responses.

What we offer

Qualified team members who are state certified instructors will come to your agency to teach class. Your personnel will receive one hour each of confined space and trench rescue awareness training. Also, we will bring Rescue 74 to demonstrate the types of equipment we carry and the resource that is available to you.

Why you should call....

- It's free! We offer this training at no cost to you. All we ask is the opportunity to come to your station.
- It's convenient. We can accommodate to meet your training schedule, day or night, no matter what day of the week. We can even repeat classes to cover all three shifts on 24/48 departments, so you don't have to pay overtime in order for all of your personnel to receive the training.
- It's easy. Just forward the attached information to us, and we'll set up the class.

Rescue 74 carries the majority of the TRT's equipment

- Other training is available upon request.

TRT Training Request Form

Please call, e-mail, or mail the following information to request training at your agency.

Would your agency like rescue truck 74 to be present at training?

- Yes, we would like to see the equipment!
 No, we would like the information/classroom only.

Does your agency have a Computer with CD-ROM and a projection monitor/TV suitable for all personnel to view, or does the TRT need to provide this equipment?

- Yes, we have this equipment.
 No, we do not have this equipment. TRT will have to provide.
